Chris,

Thanks for sharing the link to the article on the Ohio spill for the Rover Pipeline project. Our wetlands and water enforcement programs are well aware of the spill. Ohio EPA is in the lead on enforcement action under the Clean Water Act and is coordinating with FERC.

Ken

Ken has probably already shared this or you have seen it: <http://nbc4i.com/2017/05/12/drilling-halted-in-ohio-on-rover-pipeline-after-spill-into-wetland/>

R4 is having issues with another FERC pipeline: please see attached.

Thanks
